Subject: Label Amendment – Change Directions for Use to Increase Ventilation Period
Product Name: Small BB Pest Strip
EPA Registration Number: 5481-9025
Application Date: October 7, 2014
Decision Number: 497204

Dear Ms. Rahn:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

STOP! READ ENTIRE LABEL BEFORE USE

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Remove *pre-assembled* SMALL PEST STRIP from sealed bag when ready to use. SMALL PEST STRIP can only be used to treat articles that are placed in the bag which accompanies the strip.

For Treatment of Bed Bugs and Bed Bug Eggs

Pest strip [product name] may be used to treat crawling bed bug nymphs, adults and eggs exposed to product vapors. Use Pest strips [product name] to treat bed bugs that are in household items including, but not limited to: [electronics], [appliances], [footwear], [art work], [collectibles], [clocks], [radios], [wall hangings], [telephones], [computers], [printers], [mattresses], [box springs], [luggage], [books],[lamps], [furniture], [clothes] and other such items which can be placed in the bag included with the pest strip. Do not allow children to handle treatment bags or new or used pest strips.

To Treat Mattress and Box Spring:

Place mattress and/or box spring inside [large] [king size] plastic bag. [For a king size mattress], allow for [5 inches of] space between each side of the mattress and the bag. Make sure bag can be sealed with mattress inside. Insert 1 [one] bed bug pest strip in bag, placing it near the center of the mattress to allow for an even treatment.

NOTE TO REVIEWER: If a plastic band or twist tie is provided with this product, these directions will be used on the product label:

[Gather open end of bag together and twist several times to seal in contents. Secure twisted bag end with included (plastic bands)(twist tie) to ensure bag remains sealed for duration of treatment. If (plastic band)(twist tie) is lost or broken, fold the open top end of bag several times to seal in contents. Secure folded bag end with (adhesive strips)(tape) to ensure bag remains sealed for the duration of the treatment.]

NOTE TO REVIEWER: If an adhesive strip or tape is provided with this product, these directions will be used on the product label:

[Fold open top end of bag several times to seal in contents. Secure folded bag end with included (adhesive strips)(tape) to ensure bag remains sealed for duration of treatment].

[Do not tuck the edges of the bag under the mattress.] It is important to leave air space within the treatment bag [so that the vapors can circulate around the items being treated and] to enhance the exposure to the product vapors. [Mattress box spring can be treated in an additional bag following the same mattress instructions.] Do not put more than one strip in each bag. Do not sleep or lay on mattress while in treatment bag or during the ventilation period.

To Treat Luggage or other household items:

Unzip and open all luggage compartments so air can freely circulate. Place luggage or other household items in treatment bag with one bed bug pest strip, placing it near the center of the item to allow for an even treatment.

NOTE TO REVIEWER: If a plastic band or twist tie is provided with this product, these directions will be used on the product label:

[Gather open end of bag together and twist several times to seal in contents. Secure twisted bag end with included (plastic bands)(twist tie) to ensure bag remains sealed for duration of treatment. If (plastic band)(twist tie) is lost or broken, fold the open top end of bag several times to seal in contents. Secure folded bag end with (adhesive strips)(tape) to ensure bag remains sealed for the duration of the treatment.]

NOTE TO REVIEWER: If an adhesive strip or tape is provided with this product, these directions will be used on the product label:

[Fold open top end of bag several times to seal in contents. Secure folded bag end with included (adhesive strips)(tape) to ensure bag remains sealed for duration of treatment].

[Do not tuck the edges of the bag under the luggage or other household item.] It is important to leave air space within the treatment bag [so that the vapors can circulate around the items being treated and] to enhance the exposure to the product vapors.

Treatment:

To kill bed bug nymphs and adults, treat mattress or box spring and luggage or other household items in sealed bag for a minimum of 48 hours.

To kill bed bug eggs, treat mattress or box spring and luggage or other household items in sealed bag for a minimum of 7 days.

When treatment is complete:

Remove treated items from bag and let air out in a well ventilated area for no less than 4 hours. Do not use treated items during the ventilation period. Dispose of plastic treatment bag and used bed bug pest strip in trash. Dispose of in a manner that prevents reuse.

It is also recommended that you utilize a direct spray product registered by the USEPA for application to other areas of the room that may harbor bed bugs.

STORAGE AND DISPOSAL

Storage: Do not contaminate water, food or feed by storage or disposal. Do not open or remove from package before ready to install. Store in a cool dry place.

Foil Pouch

Do not open or remove from package before ready to use. **Disposal: If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Outer Container

Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or dispose of the empty container in trash.

Proposition 65: [Warning] [Notice]: This product contains a chemical known to the State of California to cause cancer. [OPTIONAL FOR USE IN CALIFORNIA]

*If you are not satisfied with this product for any reason send your written request for a refund to the address below, together with the dated store receipt showing the price you paid. Please allow 6-8 weeks for processing.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
